

The Herb Society of America Award Descriptions and Winners by Award

The Herb Society of America, Inc. Descriptions of Awards

The Herb Society of America is proud to recognize individuals - members and nonmembers alike - who have made substantial contributions to The Society, the public, and the world of herbal knowledge, use and delight. HSA invites its members to help identify those individuals and celebrate their achievements. The HSA awards are:

The Helen De Conway Little Medal of Honor

This award is given annually at the discretion of the Awards Committee to honor someone who has made outstanding contributions to The Herb Society of America or to the world of horticulture in general.

The Nancy Putnam Howard Award for Excellence in Horticulture

This award was established in 1985 to honor Nancy Howard, a very active member of the board of The Society. She devoted a great deal of time to the perpetuation of proper nomenclature

The Gertrude B. Foster Award for Excellence in Herbal Literature

This award was established in 1998. The award honors those who have published a scholarly study of herbs. The author must be living at the time of the nomination. Selection of this award is done with the assistance of the Botany and Horticulture Chairperson, the Curator of The National Herb Garden and the Editor of The Herbarist.

The Joanna McQuail Reed Award for the Artistic Use of Herbs

This award was established in 2003 to recognize those who, like Joanna Reed, are able to express the "delight" of herbs through their artistic and creative abilities, whether it is through original needlework, painting, photography, garden design, culinary or any other art form. The nominee must be living at the time of the nomination.

The Elizabeth Crisp Rea Award

Upon the recommendation of the Mid-Atlantic District in 2014, the board of The Society approved this award to honor Elizabeth Crisp Rea. Betty was president of The Herb Society from 1976 to 1978. She exhibited a love for herbs and herb gardens and was highly devoted to the establishment of The National Herb Garden as The Society's gift to the Nation. Her meetings, often including the presentation of her signature "tussie mussies," with garden designers, congressmen, attorneys and fund raisers contributed significantly to the accomplishment of this goal. She worked tirelessly to provide financial support for the garden with the organization of The Friends of the National Arboretum. This award of a "tussie mussie" holder will continue the spirit of Betty Rea. The Herb Society of America will award the Elizabeth Crisp Rea Award to an individual who has worked with determination to create and/or preserve a public garden and in so doing promotes herbs for "use and delight."

The Madalene Hill Award For Excellence In Herbal Education

This award is to honor those who have a passion for promoting the knowledge, use and delight of herbs through educational activities at any level. The recipient must be living at the time of the nomination and can be either a professional or non-professional, but must show a great zeal for sharing their passion for herbs with the public.

Certificate of Achievement

This award was developed in 1976 to honor those people, members of The Society or not, who have made significant contributions in various ways to the work of The Society or the world of herbs. No more than three certificates may be given in a year.

Certificate of Appreciation

This award was designed in 1982 to recognize those who have contributed a great deal personally to The Society or to those who have admirably completed a special assignment or project. No more than three certificates may be given in a year.

Award of Merit

1952 Frances Ropes Williams
